

Sharing stories, finding solutions

# KWP presents

## Planting the seeds of creativity with emu and quandong

*Join proud Yuin, mum, healer and creative Amanda in this workshop, where we will create a beautiful jewellery set with the intentional help of the 4 elements (fire, air, earth and water) to represent our ongoing and significant relationship to all parts of country using respectfully gathered materials. Learn how to intentionally and purposefully create your own cultural jewellery while discussing cultural factors that are important to consider when embarking on your own jewellery design/ making venture.*

*You will be given all the tools plus more to create under guidance your own elemental pieces or you are free to recreate one of our artists for the purpose of the workshop only.*
