Cleansing sticks Workshop with Miiki Puuri Mandi

Join proud Barkandji & Malyangapa woman Elisha Mangal for a grounding, hands-on workshop inspired by healing from nature and the knowledge held in Country.

Participants will make cleansing sticks using medicinal and healing leaves, twisting and wrapping each bundle while yarning, slowing down, and setting personal intentions. Along the way, you'll learn about the traditional and contemporary uses of different leaves and flowers, and how cleansing sticks can support personal wellbeing, the home, or travel.

A gentle, creative space to connect with culture, community and yourself – and take home something meaningful.
